## FLEXIBLE FLOOR SYSTEM

BROUGHT TO YOU BY FENTON MOBILITY

**Adjustable Seating Configurations:** Select from a variety of seating with flip, fold, and disconnect options.

**Easy to Clean:** AbiliTrax deep tracks keeps debris from jamming and interfering with seat and tie down securements, and can be cleaned with water or air pressure.

**Step-N-Lock foot activated quick disconnect seating:** Easily and quickly move and remove seats wherever you need without tools.

**Made in USA, Western NY Strong:** AbiliTrax has been tested coast to coast and proven to last in the harshest New York winters and hottest days in California.

**A and L Fitting Compatible:** Provides drivers with the safest, most user friendly environment for quickly changing seats to accommodate changing needs from stop to stop.

**Bolt Down, No Glue:** The AbiliTrax Floor system is bolted into the chassis, rather than glued down.

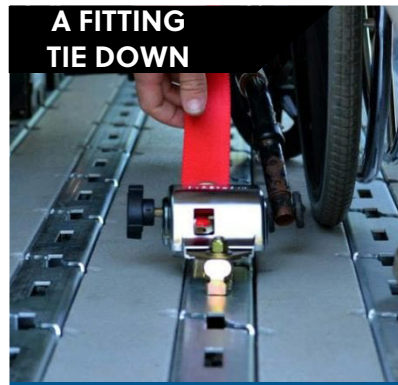

**DOUBLE FOLDAWAY**

**L FITTING TIE DOWN**

**A FITTING TIE DOWN**

**GRAB BARS AND BARRIERS**
