WORK & CREW SOLUTIONS

COMPLIANT SEATING. CUSTOM BARRIERS. CUSTOM SOLUTIONS

Fenton Mobility has been the premier leader in American-made innovative products and vehicle upfits for more than 30 years. With 90,000 sq.ft. of manufacturing space, we utilize machines such as; Lasers, Routers, Tube Benders, Press Breaks, Robotic Welders, In-House Powder Coating, Water Jet, and more, to bring you the highest quality American-Made parts on the market.

SAFETY

All products are put through testing for 100% compliance with all FTA, ADA, NHTSA and FMVSS/CMVSS Regulations.

IN STOCK

No long lead times, our products are manufactured in house allowing for units to be in stock and ready to ship.

DEALER NETWORK

Join the robust coast-to-coast dealer network for exclusive access to Fenton manufactured products, parts and kits.
